DEDICATION

Julia Coolidge
March 8, 1914 - January 20, 1999

Long time Sandwich resident, Julia "Judy" Coolidge was born on March 8, 1914 to Joseph R. Coolidge III and Anna L. Cabot Coolidge of Brookline, MA. Judy was educated in Brookline and graduated from Mt. Holyoke College with a degree in Chemistry. After graduating from college in the 1930s, jobs were scarce, particularly for women looking for jobs in male dominated fields such as industrial chemists. Judy did find work for a short while as a school teacher.

In 1937, after losing her father, and losing interest in teaching, Judy and her mother moved to Sandwich where she lived for the remainder of her life. After settling in Sandwich, Judy became involved in the community in many different ways. She started the first Girl Scout troop in Sandwich. Sometime around 1945, Judy started a successful business known as the "Lakeside Chicken Farm" where she sold eggs, and dressed chickens and their by-products, creating several jobs at various times. During this time, Judy sponsored many town barbecues, including one every Sandwich Fair Day. In 1951, her mother purchased the property from the Hanson family that we now know as the Corner House Inn and Restaurant. Judy operated a laundry there for several years and in 1962, she opened and managed the Corner House Inn and Restaurant. In 1981, Judy sold the business to Don and Jane Brown and retired to her family farm where she enjoyed her later years.

Among other activities in town, Judy was the Master of the Mt. Israel Grange #158 and Worthy Matron of the Bearcamp Chapter of the Order of the Eastern Star. As a member of the grange, she was very active in the children's yearly party which she always held at her farm. She was also a member and supporter of the Sandwich Historical Society.

Judy served on town committees, including the street lighting committee and the Land Trust Committee.

Good neighbors and friends like Judy are rare. She will not be forgotten.

Sincerely,

Benjamin D. Shambaugh, Chairman

SELECTMEN'S ANNUAL REPORT: 1999

1999 began with widespread concerns about how the New Hampshire Legislature might choose to deal with its court-mandated requirement to address state wide school funding. During the year, the Selectmen attended numerous meetings, seminars, and hearings on this issue as the Legislature grappled with various plans of how to pay for the huge costs of this obligation. When the dust settled in late fall, our townspeople found themselves to be considered a "donor community" for school funding purposes, sending a total of $317,544 to the state for disbursement to "receiver communities." The Board chose in late December to contribute $3,000 towards a legal challenge to the constitutionality of this new legislation, and this topic will be presented on the 2000 Warrant for discussion at Town Meeting.

This past year several small projects were completed at the Town Hall. A new flagpole, and roof replacement have spruced up the outside. Inside, the Town Clerk's office has moved into the former Selectmen's office space; the Administrative Assistant now is located in the old Clerk's Office, while the Selectmen now meet in the voting room. A new telephone system was put into service, and an Internet site was finalized to help give townspeople easier access to information such as rules and regulations, permit applications, meeting schedules, and minutes of the Town committees. The new Web site can be found at: www.sandwich.nh.us.

The Police Department building was painted this year, the interior remodeled, and a new furnace installed.

The Highway Department purchased a new John Deer model front end loader, and Sterling dump truck, replacing the older equipment with slightly larger, more powerful versions. The new dump truck was ordered with a "Flo-and-Dump" dump body containing an integral conveyor belt, which will eliminate the need for a winter sander on this unit.

Progress was made in improving the water resources available to our Fire Department with the Highway Department construction of a new fire pond at Chicks Corner. Thanks are due to Grace and Allan DiBiase for allowing the town to use their property in our efforts to improve fire fighting capabilities in that part of town. Work is currently underway to permit the next site on the

town's Water Resource Priority list, with construction of a pond near the Transfer Station planned for 2000/2001. The Highway crew also installed a Dry Hydrant at a new pond on Bennett Street.

With the financial support of the Alfred Quimby Trust, a new 20,000 watt generator was installed at the Central Fire Station in February to upgrade the town's Emergency Management Center.

In November, the town held a hearing to notify residents of contingency plans that had been developed by Emergency Management Director Jim Mykland to address possible disruptions resulting from the millenium change (Y2K). Fortunately, no local problems were noted, and a New Year's Eve celebration at Tea Cup Lake sponsored by the Chapman Wildlife Sanctuary provided a cheerful end to the year.

A new system has undergone trial at the transfer station with the rental of a mixed paper recycling unit. With much hard work on the part of the transfer station crew, noticeably greater quantities of various papers and cardboard have been pulled from the waste-stream. Further work is underway to increase the efficiency of these efforts in the future.

This year the Town made application to the State for approval of a plan whereby we, with the assistance of the private firm of HydroSource, will directly assume responsibility for the monitoring of our "capped" landfill. The plan was accepted, and a gas-detection unit and some other minor equipment were purchased. This process is currently saving the Town approximately $5,000 per year.

After the placement of a new "monument" on the shore of Squam Lake, the perambulation of the Sandwich - Moultonboro town line was completed, and a report filed with the State. The short section of town line with Albany has been perambulated and is awaiting final completion.

The Selectmen would like to express their gratitude to all of our town employees, elected officials, firefighters, volunteers, and committee members who have contributed towards making Sandwich such a pleasant place to

live. A special thanks to our Administrative Assistant Wendy Huff for her help this past year and to all of our Department Heads for helping to control the costs of providing the services Sandwich supports.

Respectfully submitted,

Benjamin D. Shambaugh, Chairman

INDEPENDENT AUDITOR'S REPORT

To the Members of the
Board of Selectmen
Town of Sandwich
Sandwich, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Sandwich as of and for the year ended December 31, 1999 as listed in the table of contents. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general purpose financial statements referred to above do not include the general fixed assets account group which should be included in order to conform with generally accepted accounting principles. As is the case with most municipal entities in the State of New Hampshire, the Town of Sandwich has not maintained historical cost records of its fixed assets. The amount that should be recorded in the general fixed assets account group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Sandwich, as of December 31, 1999, and the results of its operations and the cash flows of its nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

The Unaudited Supplementary Information presented is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and do not express an opinion on it. In addition, we do not provide assurance that the Town of Sandwich is or will become year 2000 compliant, the Town of Sandwich's year 2000 remediation efforts will be successful in whole or in part, or that parties with which the Town of Sandwich does business are or will become year 2000 compliant.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements of the Town of Sandwich taken as a whole. The combining and individual fund financial statements listed as schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Sandwich. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

The second session of the Town Meeting was held on March 10, 1999 at the Sandwich Central School. Frederick Rozelle, Moderator, called the meeting to order at 7:00 p.m. and welcomed everyone to the second session of the 236 (not verified) Sandwich Town Meeting. Reverend Guthrie Speers offered the invocation and the Club Sandwich 4H-ers led the Pledge of Allegiance. Mr. Rozelle introduced the Ballot Inspectors, Supervisors of the Checklist, Town Clerk/Tax Collector and Deputy Town Clerk/Tax Collector, Selectmen, Administrative Assistant, himself and his assistant Moderator and the mike runners, Rachel Booty and Hannah Booty. He pointed out the location of the exits and rest rooms and announced that smoking in the building is prohibited. Mr. Rozelle then stated the rules for this meeting will be based pretty much on Robert's Rules with some departures based on Rowan's Rules and Rozelle's Rules. He will not recognize a motion to adjourn until the business of the evening is finished. Any ruling he makes may be challenged by any voter and he can be over-ruled by a simple majority vote. Any challenger will be recognized and no second is required. The challenger has the right to state her/his reasons for the challenge. He then read the following rules:

(A) Anyone wishing to make a motion, second a motion, or speak on an Article must first be recognized by the Moderator. All speakers must address the Moderator - there will be no cross-floor debates. (B) When recognized, please stand, wait for the mike, state your name and approximate address when making or seconding a motion or speaking to any motion or amendment. (C) Voting will be by a show of hands using the voter cards. If you leave the room for any reason, please leave your card with the ballot clerks at the door and pick it up again when you return. (D) Seven voters may challenge the declared vote on any Article before the next Article is brought up. Then a secret ballot must be held. (E) If a secret ballot is desired on any Article, a written request signed by five voters is required and must be presented to the Moderator any time prior to the vote on the Article. I will not recognize such a request unless all those signing the request are present. (F) Five voters may request a recount of a secret ballot before the

next Article is taken up provided that the vote margin was less than 10% of the total vote cast. (G) No one can speak a second time until everyone has had a chance to speak a first time. An exception will be made when a person is answering a series of questions. (H) Any Article may be legally amended, each amendment will be discussed independently and acted upon before the Article itself is called. I will not recognize a motion to table indefinitely or to pass over an Article, nor one to adjourn the meeting until the business of the meeting is over for the evening. (I) A motion to reconsider an Article may be made at any time prior to final adjournment and the Article would be taken up again immediately unless protected by a vote to restrict reconsideration - or unless I refuse to accept the motion. (J) Only registered voters may speak from the floor. (K) No motion to call the question will be accepted until everyone has had a chance to have their questions answered. (L) RSA's cannot be overruled by the Town Meeting. (M) I will vote only to break a tie vote or to cause a tie vote, in which case the motion fails. (N) If the meeting appears to be dragging on I will institute a time limit for each person speaking on a motion. As you have heard me say before, please don't feel obliged to speak on every Article and please speak only to the Article or motion that is on the floor at the time.

The Moderator read the results of Articles 1 and 2 which were taken up on March 9, 1999. Total voter turnout on March 9th was 525 with 55 absentee votes returned. Mr. Rozelle expressed thanks to the 15 women and three Selectmen who counted votes the night of the election. On March 10th 149 registered voters attended the second session.

Mr. Rozelle then went on to Article 3.

In answer to the question of why the increase from last year, Ben Shambaugh said the cost per ton of disposal has increased. This item was not put out to bid because Rapid Sanitation, the company that services the Town, has always been lower in price and is very reliable. Voted affirmative.

Richard Papen made a motion to amend Article 21 as follows:

To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 to be called Landfill Maintenance Capital Reserve for the purpose of fulfilling the state requirement of maintenance, repairs, and testing of the capped landfill. Furthermore to raise and appropriate into this fund $30,130, plus interest accrued, and $44,169 (state reimbursement landfill closure) from the general fund. The Selectmen to be named agents to expend from this fund.

Seconded by Denley Emerson. Timothy Miner explained $44,169 is not needed as a reserve, the Town will be able to carry the yearly cost which is estimated at $2,300 with the first year costing an additional $4,700 because of equipment needed. The $30,130 should go for about 15 years before being used up. Skip Hoag and DES feel this is a clean, non-hazardous landfill. Richard Papen asked if the state has made any commitment for funds, Timothy said it hasn't but if more is needed it can be raised later rather than have taxpayers pay the $44,169 now.

The amendment to Article 21 was voted negative.

Article 21 as originally written was voted affirmative.

When asked the difference between Capital Reserve and Expendable Trust Benjamin Shambaugh explained that generally speaking the Expendable Funds can be spent during the year by the Selectmen but the Capital Reserve Funds need Town Meeting approval to spend. In the past all the funds have been called Capital Reserve but some are really Expendable Trust so they are now correctly categorized. The totals in each fund are in the Town Report. ZONING BOARD OF ADJUSTMENT

In 1999 the Board of Adjustment received and considered two completed applications for hearings. These applications included:

Two appeals to Administrative Decision - 1 granted, 1 denied

The Board encourages anyone anticipating a project that involves alteration to an existing structure, changes in use of existing property, or construction of new buildings to carefully review the Zoning Ordinances, Subdivision Regulations and, when applicable, the Historic District guidelines. It is cheaper and easier to first review the regulations and comply at the start than to be noticed for a violation and attempt to retroactively comply.

The Board of Adjustment would like to thank Barry Paterno, who stepped down this year, for his service to the Board and Town.

Respectfully submitted,
James M. Hambrook, Chairman

CONSERVATION COMMISSION

The Conservation Commission conducted a monthly schedule of meetings this year. The meetings are held the second Tuesday of every month at 7:30 P.M. Members also reviewed the actual conditions for several Wetlands applications. We thank everyone who attended for their involvement and efforts.

We continued our support for the '5 Days of Sandwich' summer Conservation Education program. This program is for 10 to 13 year olds. Our thanks to White Sylvania Trust, Bearcamp Valley Garden Club, and private donors, as well as the Town, for their support. In 1999, the two one-week sessions were very successful; this year they were grouped by level of interest. One important issue, which we will be addressing in the coming year, is transportation; in 1999 we rented a minivan for two weeks which was a strain on the budget.

Another successful household hazardous waste collection was held in the summer. The Moultonboro location has proved to be convenient; however there are efforts underway at the Lakes Region Planning Commission to establish more frequent collections. We urge everyone to turn in any hazardous waste at this free summer collection.

One important change was made in organization this year by combining the Land Trust Committee into the Conservation Commission. A legal inconsistency was uncovered in December 1998, and upon advice of counsel and after review of applicable RSAs and Town records, the Selectmen assigned all land conservation activities to the Sandwich Conservation Commission consistent with RSA Chapter 36-A:4. All current Land Trust members were invited to join the Commission. Monitoring of the town's easement properties was done by air in May. This allowed us to view and photograph all properties for the first time since the easements were granted. The Commission reviewed the photographs and as a result made a couple onsite checks. No easement violations were found on any of the properties. We also spent several meetings reviewing and organizing all the materials in the land protection files.

Conservation Commission (continued)

In late spring we held the annual cleanup day for the Bearcamp River Trail with assistance from the Over the Hill Hikers. A major wetlands crossing, necessitated by beaver activity, was completed between Mt. Israel Road and Elm Hill Road. Thanks to Will Lehman for providing the chain saw mill to cut the planks and to Will, Fred Lavigne, and Evelyn MacKinnon for construction labor. Unfortunately, the beavers have been less kind to the trail east of Bearcamp Pond Road, where the trail is now underwater in a few spots.

We thank the Selectmen and the Town Hall office staff for their efforts this year.

Chip Kimball, Chairman

FIRE/RESCUE DEPARTMENT

In Town Fire Emergencies	32
Out of Town Mutual Aid	17
Medical Emergencies/Search	88
Other Emergency Calls	10
Emergency Service Calls	21
	168

1999 was an active year with the most emergency runs ever for the Fire-Rescue Department. In April, a potentially serious structure fire on Squam Lake Road was brought under control quickly and damage was kept to a minimum. We helped neighboring Departments in September when Hurricane Floyd came through the area. Damage in Sandwich was minimal. In November, a fire that had spread to the ceilings and attic of a home on North Sandwich Road was reported. Arriving units brought the fire under control in a short time and the damage was repairable.

In 1999, Department members put in over 3,000 hours in service to the Town for emergency responses, training, and work details. The Fire-Rescue Association contributed over $1,400 in equipment and supplies. Department members continue to add to their knowledge through advanced training in fire fighting and medical response. I was privileged to be able to attend the National Fire Academy in Emmitsburg, MD for two weeks in September.

The small core of people in our community that make up the membership of the Department is being overworked and stretched to the limits of their ability to serve the Town. With more and more activity each year, more required training and fewer and fewer people willing to put in the time and serve with the Department, the inevitability of what's going to happen should be apparent to everybody. Someday, soon, no one will be available to respond to an emergency call. When this happens with regularity, the Town will be forced with the decision of how to answer the problem. Can this be averted? Possibly, if more citizens of the Town are willing to put in the time and effort to help make Sandwich a better and safer place. Two of our members are (very active) septuagenarians and more of the rest of us are closer to the September of our years than the mud season, so to speak. We need more

younger, active members to keep the department a viable operation. Otherwise, certainly within a few years, when you call for help, it will be a long, long wait.

1999 brought the passing of some dear friends. In May, Mary Ellen Mills, Department Clerk and Association Secretary, passed away suddenly. This summer, Austin Burrows, the last surviving founding member of the Sandwich Volunteer Fire Department in April 1928, passed away. And in December, Kerry Peaslee, who had served the department for many years and in many capacities died. All of them will be missed by their many friends in the Department.

Thank you to our Auxiliary (who also need members), the Police Department, and the Highway Department for all being unfailingly helpful when the call came.

James Mykland

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing ANY outside burning. Fire permits are required for any open burning unless the ground is completely covered with snow where the burning will be done. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines up to $2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are eleven Forest Rangers who work for the New Hampshire Division of Forests and Lands, Forest Protection Bureau. During the 1999 season Forest Rangers were busy assisting communities with suppression of difficult and remote multi-day fires. Forest Rangers have also investigated numerous complaints regarding violations of the timber harvest and forest fire laws, and taken enforcement action to ensure compliance. If you have any questions regarding forest fire or timber harvest laws, please call our office at 271-2217.

There are 2400 Forest Fire Wardens and Deputy Forest Fire Wardens throughout the state. Each town has a Forest Fire Warden and several Deputy Wardens who assist the Forest Rangers with forest fire suppression, prevention and law enforcement. The 1999 fire season was a challenging but safe year for wildland firefighters in New Hampshire. The severe drought conditions throughout the spring and summer months combined with residual effects of 1998 Ice Storm, resulted in a dramatic increase in wildland fires. In addition to burning in excess of 452 acres, 35 structures were also impacted by wildfire. Wildland fires in the urban interface is a serious concern for both landowners and firefighters. Homeowners can help protect their structures by maintaining adequate green space around them and making sure that houses are properly identified with street numbers.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. The early detection and reports from citizens aid in the quick response from local fire departments. This is a critical factor in controlling the size of wildland fires and keeping the loss of property and suppression costs as low as possible.

Please contact your local fire department before doing ANY outside burning. REMEMBER - ONLY YOU CAN PREVENT FOREST FIRES!!

HIGHWAY DEPARTMENT

The winter of 1999 was moderate as far as snow, but heavy on the ice. Under ice conditions it takes us a long time to cover all the town roads; a truck load of sand does not go very far when sanding everything. Heavy trucks slide just like cars except they go faster because of the weight and the driver has white knuckles and big eyes when plowing snow. It takes each plow vehicle approximately five hours to plow its route one time, so please be patient. State roads in town take approximately one and one half hours per route to plow.

Last February the men did the remodeling at the Police Department and built the counter wall in the Town Clerk/Tax Collector's Office. Spring started early. In March we started hauling gravel and by the first of April we started grading.

Throughout the year we spent time at the Recycling Center loading glass, taking care of the metal pile, packing down the demolition roll-off, and pushing up and burning the brush pile. We also hauled and packed newspapers and cardboard and built a small shed to store overflow newspaper and cardboard. At the Town Beach we assisted with spring clean-up, placing sand where needed, putting floats in the water, and placing signs as needed.

The biggest money project for the year was shimming and sealing Mountain Road, half of Palmer Hill Road, and part of Mill Bridge Road.

On April 26, we received our new John Deere 544 H Loader and in August we received our new Sterling L7500 Dump Truck, two great replacements.

We have an employee out of work for health reasons since April, which has made it more difficult to get things accomplished. In September we dug a new Fire Pond on Holderness Road, which is a great asset to that neighborhood. The Fire Department has more Fire Ponds planned.

Once again I would like to thank the men of the Department: Bill, Ken, Tim, Kirke, and Bob, and also the Board of Selectmen and Wendy. Thank you.

Respectfully submitted,
Peter E. Prentice, Road Agent

HISTORIC DISTRICT COMMISSION

The Commission met five times this year and approved applications for satellite dishes, signs, and renovations.

Residents and property owners in the District are reminded to seek board approval when making changes to the exterior appearance of their home or changes to their landscape.

I wish to thank all of the Board members for their participation during the year.

PLANNING BOARD

The Planning Board this year considered applications for six sub-divisions, one site plan review, and two scenic road tree cuttings, in addition to several consultations.

Elected Officers for the year were Rick Crockford, Chairman; Jocelyn Gutchess, Vice-Chairman; and Marcia Allen, Recording Secretary. Sue Bowden was welcomed as an Alternate member of the Board to fill the vacancy left by the departure of Ben Bullard. The Capital Improvements Program committee consisted of Ben Bullard, Rick Crockford, Robin Dustin, Jim Hambrook, Bob Miner, Tim Miner, and Sarah Zuccarelli.

Three substantive changes to the zoning ordinance are proposed for the 2000 Town Warrant; one concerning private water well protective radii, and the others concerning septic systems in the Shoreland District.

Under the leadership of Jocelyn Gutchess and with the assistance of Nancy Johnson from the Lakes Region Planning Commission, the Master Plan Survey Update questionnaire was designed and mailed out to voters and taxpayers in January, 2000. Many thanks to all involved including Marcia Allen, Sue Bowden, Fred Rozelle, and Town Hall staff.

The continuing support of the residents and the cooperation of other town boards is appreciated. The assistance of Wendy Huff, Priscilla Seeley, and Sharon Teel was invaluable as usual.

Respectfully submitted,
Richard E. Crockford, Chairman

I can't stress enough the importance of continuing to strengthen the relationship between the people of Sandwich and the Police Department. We are here to serve you with whatever questions or concerns you may have. I will continue to provide the best possible service with the resources we have to work with. Thank you for your continued support. I hope to see more of you in the Sandwich Police Department, if for nothing more than just a social visit.

THE SAMUEL H. WENTWORTH LIBRARY

The primary project for 1999 has been the work on the façade and front doors of the Library - greatly improving the looks of the front entrance to the Library. The Lucent project switching system was installed this year, providing phones in four locations, and enabling computers to be switched automatically as they come on line, giving the Library additional internet access. New computer scannable library patron user cards were distributed in June and July, as part of the Library's computerization project.

The Library's maintenance budget has been strained this year with higher costs. A fire control panel was burned out and had to be replaced when a tree toppled on an electrical line, causing a power surge. A lightning strike about four weeks later also damaged the control panel. Insurance helped with the costs. We hope the Library has won the "battle with the squirrels." Over twenty have been captured, entrance ways plugged, and damage to the ceiling and walls repaired.

The Trustees and Staff of the Library are very grateful to the Friends of the Library, the Quimby Trustees, and the many volunteers and donors of time and money for their support throughout the year.

Please refer to the Librarian's report for month to month particulars.

Virginia L. Heard

LIBRARIAN'S REPORT

Two building projects dominated the Library agenda in 1999. One was the restoration of the Library façade. The work on the lettering and carving was done by John Levesques of Hilltop Signs in Tuftonboro. Mr. Levesques researched the heraldry and used authentic colors. For the record the top most crest is that of the Cinque Port of Sandwich in Britain. The other two are the NH seal and the Wentworth crest. The front doors were rotten and had cracked panes. A book return was located in a convenient location near the upper parking area so that the original linen fold panel could be returned to the door. Work on the doors was done by Richard Papen and David Rodgers. I was impressed by the high level of skill and craftsmanship that went into the project. Thanks to Peter Prentice for working the earth removal for the book return into his busy schedule.

The other project begun in 1999 was the installation of an efficient heating and cooling system. During 1999, Library Trustees hired an engineer to study the building and produce specifications for a new system. Fund raising for the project began with a donation from the Frank Stanley Beveridge foundation for $5,000. By December, $17,000 was pledged for the project including $7,000 from the Alfred Quimby Trust. We hope to have the new system up and running by the summer of 2000.

Susan Wiley coordinated the Summer Reading Program in 1999. Many children and parents enjoyed the summer story times this year. The finale was a wonderful puppet show by Dan Grady, which was presented on Quimby Field. Thanks to Susan for all her hard work in connection with this summer-long series of events.

The Arts Council of Tamworth film series continues to provide 12 films a year for the community. I hope to see you at the spring series which will begin the Wednesday after Town Meeting.

Thanks to all the volunteers who have made smooth operation of the Library possible. Special thanks to Peter Booty for another year of firewood, the Bearcamp Garden Club for maintaining the Library gardens, the Friends of the Library for being there when we need them and Diane Johnson for being available in many an hour of need and on very short notice.

I hope to see you all at the Library in the coming year.

SEWER COMMISSION

Total system flow remained steady with prior years. No new users were added in 1999.

Operating expenses for the year also remained steady and we were able to reduce testing costs by qualifying as a small system for a "permit by rule" from the state. Contribution to the Sewer Capital Reserve Fund was increased to $3,200.

Discussions are being held with the Sandwich Fair Association regarding the possibility of tying into our sewer system. Dumping fees for disposal of our sludge will probably increase significantly. We are allowing for this in our budget for next year, as well as provision for a re-built or new back up generator for the system.

We wish to thank Bob Rowan for assuming the responsibilities of back-up operator.

We remind you yet again that connection of sump pumps to the system is a gross violation and unfair to other users. Offenders may expect to be vigorously prosecuted. We also remind users that they are allowed to place sillcocks before meters, but these must be inspected by a Commissioner after installation. We would also like to remind users to ensure proper insulation to keep meters from freezing. Replacement of damaged meters will cost the user $125.

And, please continue to be cautious to choose soaps and cleaning products that are low in phosphates and not use any other inappropriate substances which will end up in our/your system.
